Dear Mr. MacQuarrie:

While looking through some material I came across this reference which might interest you. In 1859 the Shipping Register for Pugwash included an entry for the Brig George Henderson. I remembered that you had mentioned a boat that had gone from Pugwash to New Zealand. The George Henderson is wrecked in New Zealand in 1860.

I have enclosed a copy of entry. Its reference is Reel 7 of our Miscellaneous "s" Microfilm Collection of Shipping Registers from the Board of Trade in London.

Best wishes for the season.

Yours sincerely,
John MacLeod
