Dear Mr MacQuarrie,

Thank you very much for sending the Mailman's Eaton information. It was such a thrill to see it there in print. Now I have found out they left St. Johns in 1854 in brig "Australia" for Melbourne then Wellington & Wanganui N.Z. How long they stayed in Melbourne I don't know, couldn't find their names in passenger lists for 1854. Haven't found their names on N.Z. passenger ship lists either. Was a brig a small ship & maybe that is why they are not listed. I am still enquiring however. Have also tried to get a copy of the Eaton book from our National Library. They are very good at supplying books. If they can't get it I will have to wait till I get to Palmerston North, I would like to work out a "tree" going backwards in a direct line

John Mailman had 3 children by his first wife. ~~the~~ Nettie, Francis & George. Then 6 by his 2nd wife. George is the one I am directly interested in so it seems Mary Pauline is not my son's gt gt grandmother but her sister Eliza Grene, is.

I am
yours sincerely

(Mrs) Mary S. Taylor
